

A 16x16 grid of 256 small, low-resolution images. Each image is a square with a dark background and contains a complex, abstract pattern of light-colored, pixelated or noisy shapes. The patterns vary significantly from one image to the next, suggesting a high degree of diversity in the generated content. The overall appearance is that of a large-scale visualization of a generative model's output, such as a Variational Autoencoder (VAE) or a Generative Adversarial Network (GAN).
